RE: South Carolina Electric & Gas Company Annual Request for Revised Rates  
Docket No. 2009-211-E

Dear Mr. Terreni:

On May 30, 2009, SCE&G filed a request with the South Carolina Public Service Commission ("Commission") for approval of revised rates to cover the cost of capital associated with the construction costs of two nuclear plants for the period ending June 30, 2009. SCE&G has requested approval for certain rate increases to its customers. The request is now under review by the South Carolina Office of Regulatory Staff. On behalf of the South Carolina Energy Users Committee, I would make the following comment with respect to SCE&G's request for approval of revised rates.

The South Carolina Energy Users Committee has appealed Commission Orders 2009-104 (A) and 2009-218 in Docket No. 2008-196-E granting SCE&G's application for relief under the Base Load Review Act. The South Carolina Energy Users Committee objects to SCE&G's request for revised rates to the extent that SCE&G's request for revised rates is inconsistent with the positions of the South Carolina Energy Users Committee in its arguments, memoranda, briefs, motions and petitions in Docket 2008-196-E and in any appeal therefrom.

The South Carolina Energy Users Committee reserves all of its rights to comment, object or appeal any approval of revised rates under S.C. Code Ann. Sections 58-33-210 *et seq.*
